On this website, you can find the **complete [menu](#) of Piccante** from North Tyneside. Currently, there are **15** courses and drinks up for grabs. Whitley Bay's pizza offerings are a mixed bag, with some diners celebrating the crust's delightful crispiness and freshness, while others express frustration over inconsistent quality and poor service. Customers appreciate the thin, delicious dough but critique the quality of cheese. Long wait times and delivery issues have tarnished experiences, leading some loyals to reconsider their choices. Despite these concerns, many still favor this spot over larger chains for its affordability and unique flavors, often citing special deals. While the restaurant has strong points, potential patrons should weigh recent feedback against their culinary preferences before indulging.
